

IUBAT Shines at the National Environment Fair 2024

IUBAT (International University of Business Agriculture and Technology) has proudly participated in the National Environment Fair held from June 5th to June 11th, 2024 at Agargaon, Dhaka, in celebration of World Environment Day. This event was organized by the Department of Environment (DoE) of Bangladesh and was inaugurated by the Honorable Prime Minister of Bangladesh, highlighting its significance and the nation's commitment to environmental sustainability.

IUBAT stall showcased the dedication to environmental issues and featured a range of innovative projects and research focused on the theme of World Environment Day: “Land Restoration, Desertification, and Drought Resilience.”

Faculty and Visitors

The stall presented four major projects:

1. **Landscape Management:** Traditional way to manage landscape from a book titled, “Sustainable Landscape Management for ecosystem restoration and climate action in Bangladesh” by Professor Dr Mohammed Ataur Rahman, Chairman, Department of Environmental Science, IUBAT.
2. **Sustainable Agro-forestry Practices:** Methods to integrate agricultural and forestry practices for reduce soil erosion.
3. **Rain Water-Drought Fighter:** Techniques for harvesting and utilizing rainwater to mitigate drought effects.
4. **Vertical Farming:** Innovative farming methods designed to optimize space and resources in urban settings.

In addition to these projects, some recent research findings, books, and research papers related to environmental sustainability was presented in the stall.
